Because of the culture in which we were raised, we are in need of healing from the distorted images and attitudes conveyed through a pornified environment. The good news is that Christ entered this world to restore creation to the purity of its origins.

**BILL DONAGHY**, one of the premier speakers on Pope John Paul II's Theology of the Body, will explore the integration of body and soul as the path to authentic sexual healing.

This workshop is held in support of the diocesan Freedom From Pornography Initiative.

*"If we live according to the true meaning of our sexuality, we fulfill the very meaning of our being and existence."*

*— Pope John Paul II*
