

GOD, SEX & THE MEANING OF LIFE

This two-hour seminar, introduces a new "vision for life" designed for those who are new to the Theology of the Body. The message can be life-changing. Many will come to see, perhaps for the first time, who they really are—and who they are called to be. God's plan for us is stamped right into our bodies, and understanding this plan will give attendees a new lens through which to see their lives, relationships, and the world around them. In this two-hour talk, Christopher West will address and answer some of the most fundamental questions of human existence.
