An Introduction to the Theology of the Body

This presentation is for anyone searching for their ultimate purpose in life, as it addresses the most basic truths and questions of human existence. Most of us have heard the "whats" of Catholic teaching, but very few have ever heard the "whys." With profound insight and humor, Christopher West demonstrates that the Church's teaching on sexuality and marriage makes sense, because it resonates with the deepest yearnings of the human heart.

Christopher West is recognized around the globe for his work promoting an integral, biblical vision of human life, love, and sexuality. He serves as a research fellow and faculty member for the Theology of the Body Institute and is the best-selling author of five books. He and his wife, Wendy, live with their five children near Lancaster, PA.
